

COVID-19

RECOMMENDATIONS FOR THE USE OF REFRESH SYSTEMS

STRUCTURAL CONDITIONS REQUESTED FROM ORGANIZATIONS

Contingency plan information for the event to be sent to Refresh up to **72 hours before** event start

Judge **tower layout schematics/plan** to be sent to Refresh up to **72 hours before** event start

Whenever accommodation is required, an **individual room** for the Refresh operator must be provided

For health reasons and while the COVID19 Pandemic lasts,
Refresh does not provide plasticized Judge sheets and respective markers

Location of the Refresh operator preferably behind the judges with a distance of **2mt**

Everyone in the Refresh Operator area must **wear a mask**

Availability of **a monitor for the commentator**, as sharing with the Operator will no longer be possible

Structures for **washing hands** with water and liquid soap

Paper towels (use of fabric towels should be avoided)

Ensure the **air renewal** of the workplace 2 to 3 times an hour

Ensure the **cleaning of surfaces and objects** in common use several times a day
(ex tables or benches, light switches, door handles, cabinet handles, etc.)

Provision of an **alcohol-based solution**
(because these solutions are highly flammable, we are unable to transport these products)

All meals must be provided in **individual doses and packaging**. Never buffet.

Ensure a clean and disinfected setup space for the Refresh system(s) before assembly
